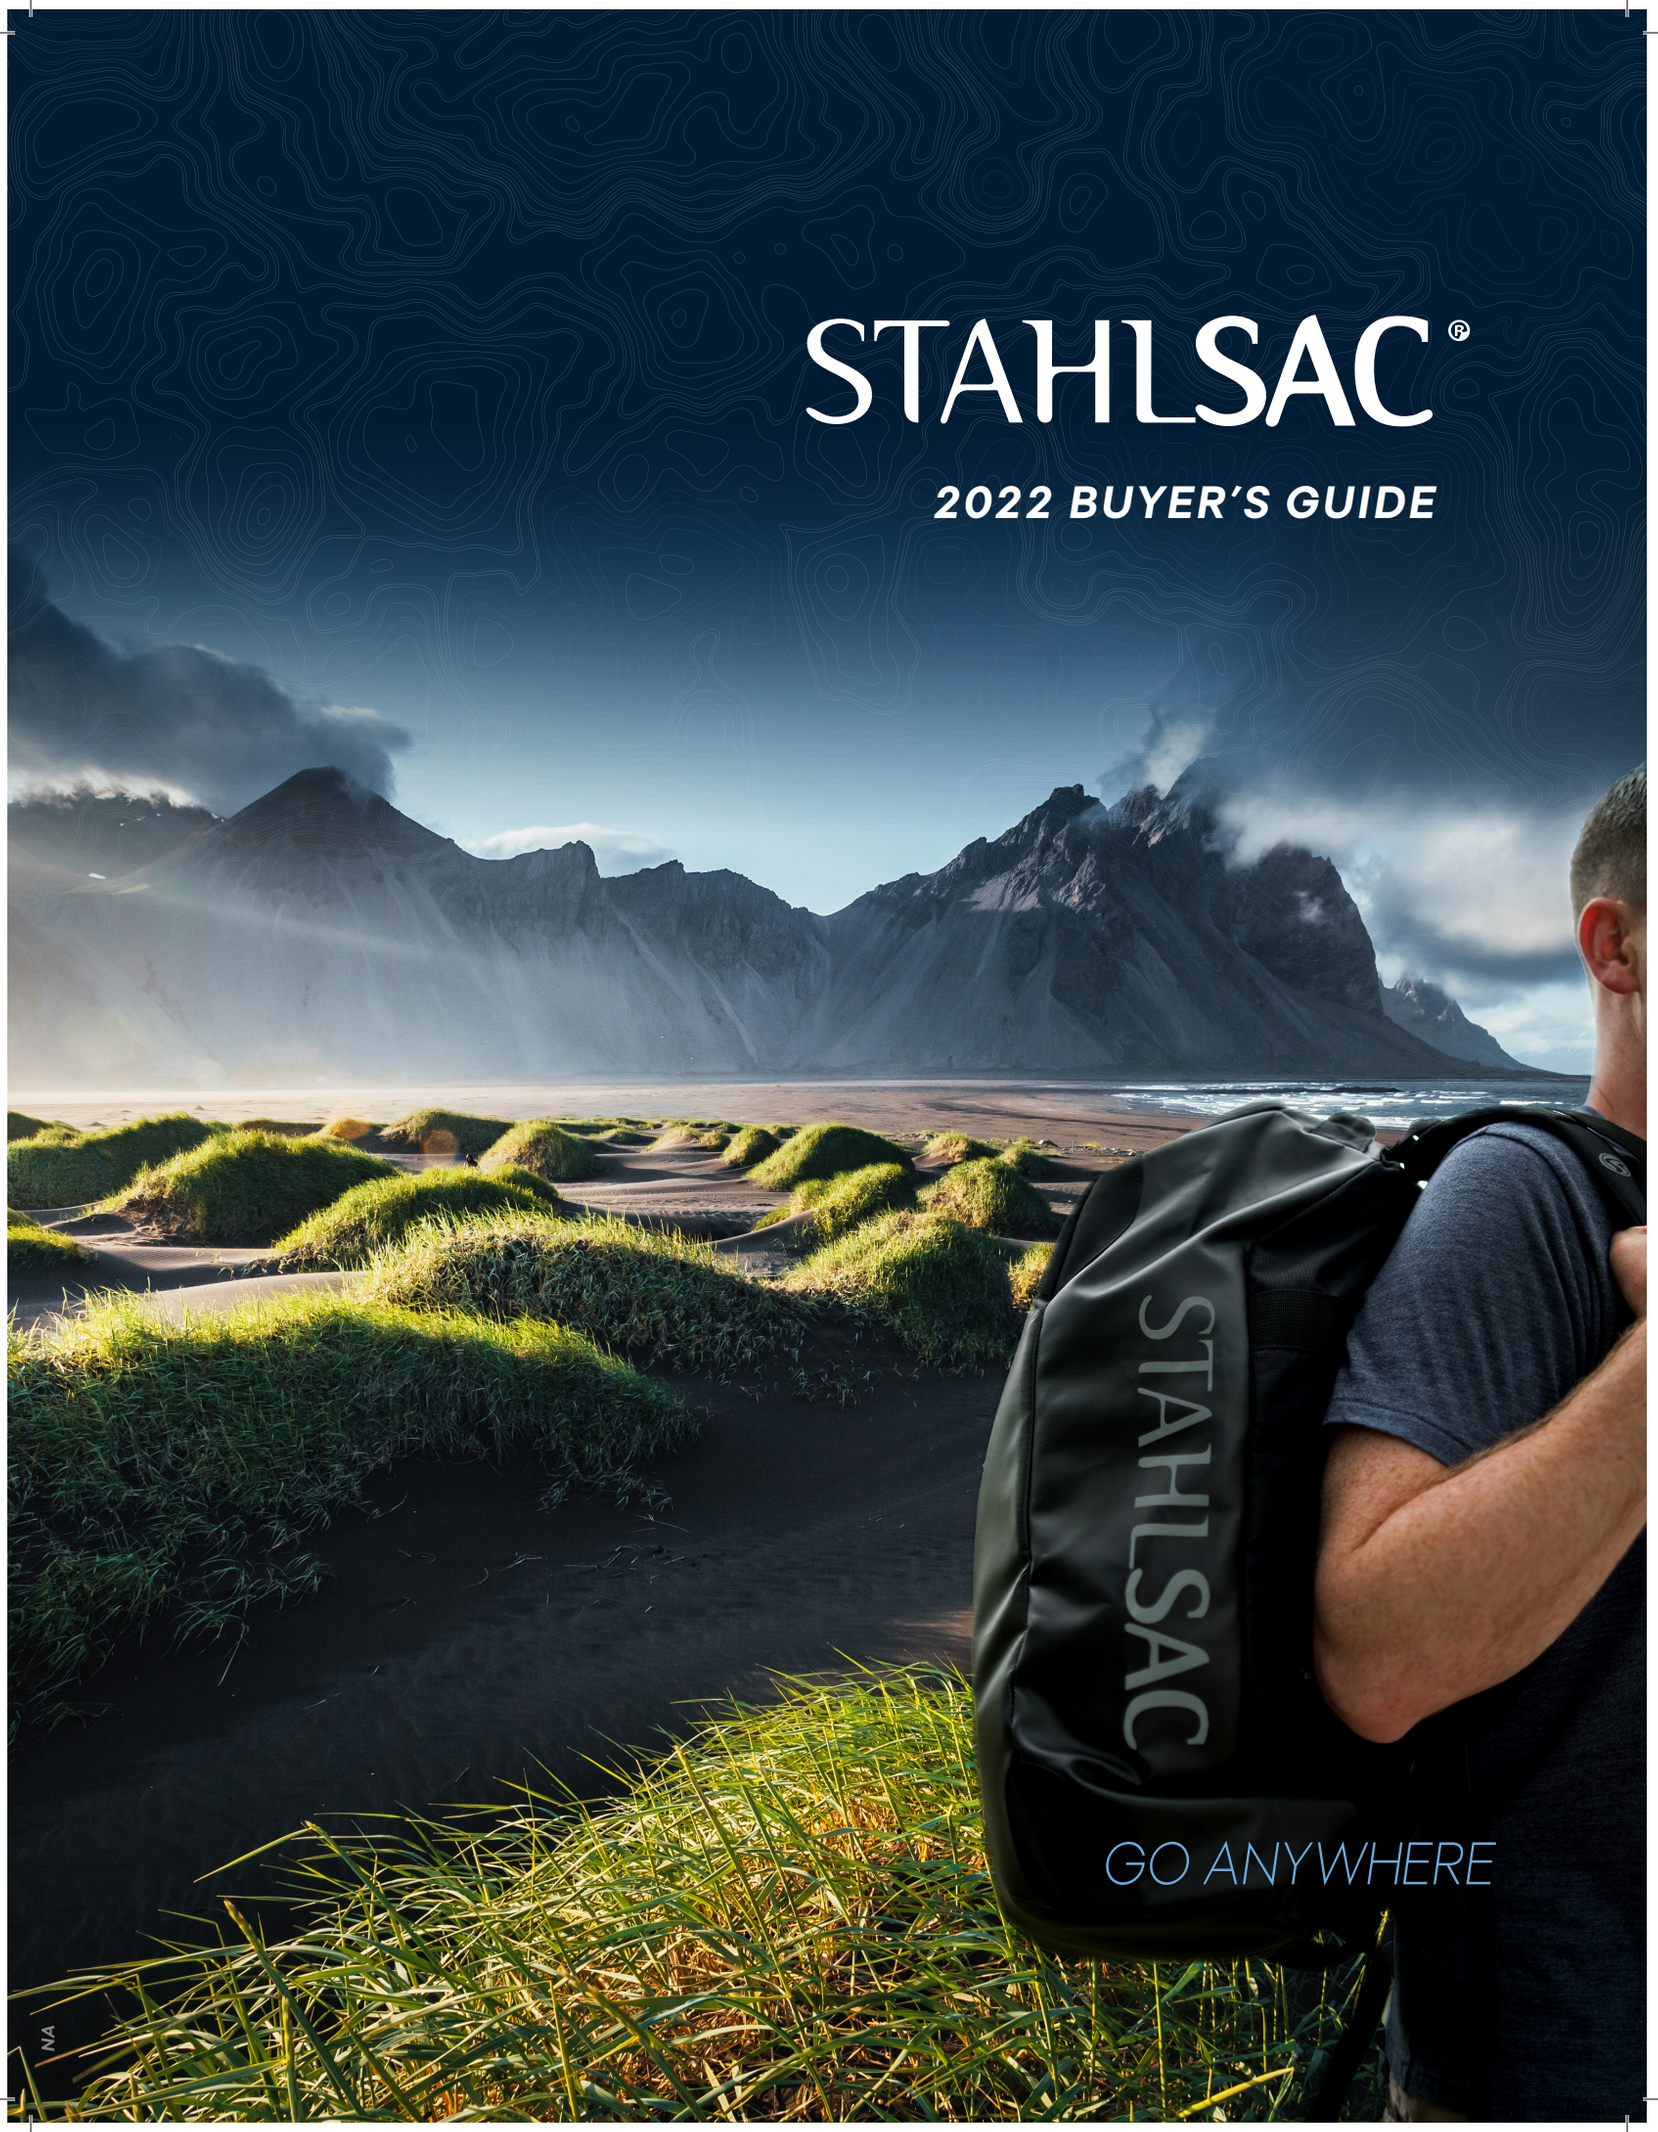
STAHLSAC®

2022 BUYER'S GUIDE



THE STAHLSAC GUARANTEE

Stahlsac products carry a limited lifetime warranty* against defects in material and workmanship. In the unlikely event that a problem arises as a result of a defect in our materials or workmanship, we will promptly repair or replace the item.

As with any product, it should be expected that luggage and mesh gear bags will show wear with use over time, even when used properly, and will eventually deteriorate after prolonged usage in the sun, salt and water. These items will eventually need to be put to rest and replaced. For any damage due to improper usage, negligence, or post purchase alteration, we will be happy to provide prompt, high quality repair service at a nominal cost. We apply the same standard of excellence to our customer service as we do to our products.

Luggage sent in for repair must be clean; please rinse off and completely dry the article before returning it. All repairs and warranties are handled through the local Stahlsac retailer.

** With the exception of the Storm 12L, 30L and 60L Dry Sac which carry a 2-year warranty.*

Stahlsac is a company built on

QUALITY, DURABILITY & TOUGHNESS,

and we are divers, surfers, kayakers, and explorers. We are adventurers.

This business was founded by one man determined to build a better watersports bag. Today that mission is carried on by many, with the same commitment to excellence and love of the water. True adventure doesn't just present itself; we have to seek it out. And there's no telling where we might find it. So when we design a watersport bag, we make sure it's tough enough to get you wherever you want to go. And when you want to push the boundaries of adventure, only a Stahlsac bag lets you truly ...

GO ANYWHERE.

MESH BAGS

Our tough, snag-resistant mesh is not only lightweight, but stands up to anything and everything you put it through. When compared to rubber mesh bag that can dry out and crack or tear easily, our snag-resistant mesh has a natural built-in tear resistance and will never dry out.

HOLDS EVERYTHING EXCEPT WATER

Whether your customers want to go hands-free or simply need a bag to transport wet gear from one place to another, we have a variety of mesh backpacks and duffels for any amount of gear. Tough, snag resistant mesh that won't dry out, crack or tear easily like rubber mesh and 420 Denier Nylon packcloth with reinforced bottom, these bags have thoughtfully placed wet and dry pockets and other logical solutions to keep gear organized. With many different colors and sizes to choose from, we have the toughest, most dependable mesh bag in the industry. They hold everything... but water.
